ABOUT US

ROOF CONTRACTING Company was launched with the idea of combining speed and quality in the implementation of works and providing innovative solutions and realistic studies for the contracting market in the Kingdom of Saudi Arabia and the development it needs.

We work in ROOF on various projects, large or small, where we are distinguished by providing finishing services with high professionalism and commitment to quality standards According to the requirements and standards in the Kingdom of Saudi Arabia.

WHY ROOF

Speed With Quality

Innovation & Renewal

Specialized In Fit-Out
& Decoration works

OUR MISSION

In a highly competitive market, ROOF is committed to providing its unique clientele with the highest quality and distinctive services in all its business lines. It is the policy of ROOF to maintain client satisfaction and to meet their expectations through the delivery of projects compliant with the highest international standards.

OUR VISION

Our vision to become the first choice in our specialization in the field of design and finishing where the smallest and largest projects are treated with full professionalism that lead us to build a long-term relationship with the clients.

CORPORATE ETHICS

Legal and ethical standards are the corner stone of our integrity.

At ROOF CONTRACTING we set a higher standard of behavior for our employees and partners, which ensures an independent, confidential and robust review and reporting channel.

BUSINESS CONDUCT HANDBOOK

Our ethics manual summarizes our standards to all our staff. It outlines the company's policies on conflict of interest, financial integrity, intellectual property management, workplace harassment, fair practices, safety, health and the environment.

It reaffirms the guiding principles by which we have achieved success.

SUPPLIER CODE OF CONDUCT

Our Supplier Code of Conduct outlines mandatory policies on environmental, health and safety issues, fair trade practices, ethical sourcing, conflicts of interest, bribery, kickbacks, gifts and fraud, monitoring and compliance.

CONFLICT OF INTEREST AND BUSINESS ETHICS POLICIES

ROOF reviews the Conflict of Interest and Business Ethics Policies regularly.

This ensures our ethics policies are continuously reinforced for use in real-life applications.

VALUES

TRANSPARENCY

We realize that our success and the message of credibility creates a lively communication environment between us and our partners and customers and ensures the maintenance of a healthy relationship in the long term, with our full commitment to embodying an effective partnership to achieve success and complete satisfaction.

INNOVATION AND RENEWAL

We strive in a sustainable way to implement the innovative concept in designs, construction works, and infrastructure, and to present everything innovative according to the latest science and engineering theories, so that we are proactive in development and maintain our standards in the smallest details.

SPEED WITH QUALITY

High standards are the basis of our work, as we care about the smallest details, and we feel that this always leads us to improve our work, as we are committed to speedy completion in a way that does not affect the quality of work.

- ◇ Branding identity
- ◇ Publications

Construction

We step confidently to provide services for the construction of new buildings of all kinds, whether residential or commercial, as we contract with institutions that possess the latest equipment and machinery and specialized work teams under the supervision and guarantee of the Roof Contracting Company.

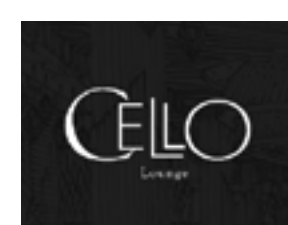

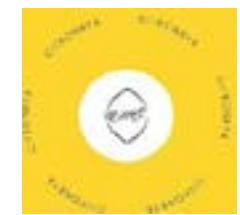

Interior Finishes

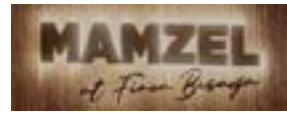

In Roof Contracting, we are proud of a staff that is precisely specialized in post-bone works, where we implement all types of finishes and decorations in modern ways, as our team includes a department specialized in decorations that are able to make a difference and extract distinctive modern decorations and provide them to the customer on the ground through contracting with suppliers and local companies Taking into account everything the client may need in proportion to his budget, bearing in mind that we have two finishing teams:

- ◇ The first team specializes in the implementation of cafes, restaurants and commercial projects.
- ◇ The second team specializes in the implementation of palaces and residential houses.

CLIENTS

CLIENTS

Health & Safety

At ROOF we exert relentless effort to prevent work accidents and ensure optimum safety for our human assets.

ROOF is OHSAS 18001 certified and believes that every incident or occupational injury is preventable.

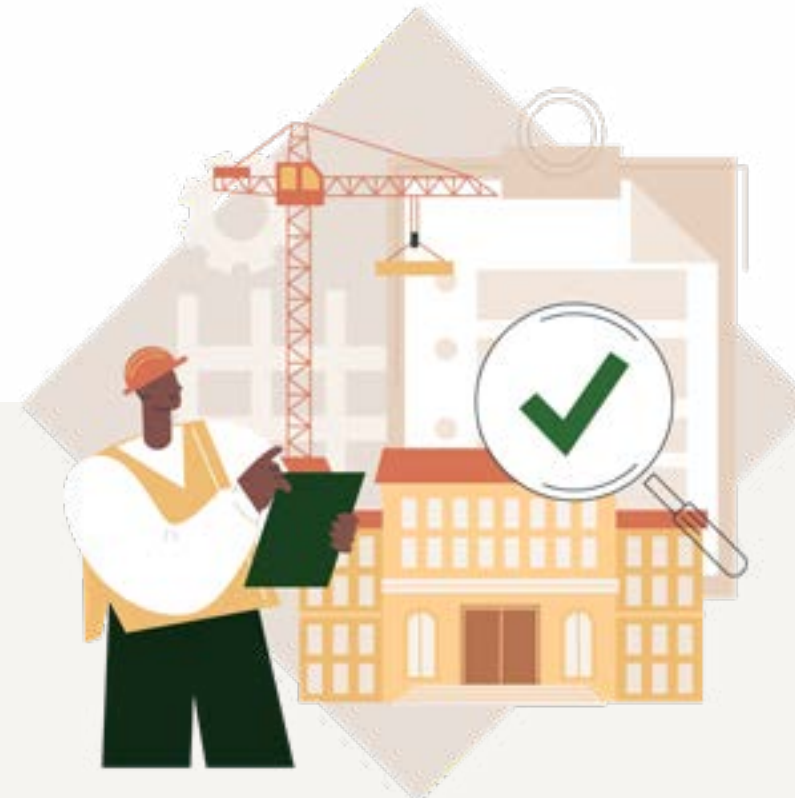

ON THE JOB ROOF

Preinforces a combination of onsite technical procedures, ongoing training and a Life Critical Requirements Program that highlights activities that could be life-threatening when not executed according to procedures.

We also authorize Project Managers, Group Leaders as well as our subcontractors, to stop any activity that is life-threatening, If it is not safe, we do not do it.

PUBLIC SAFETY

Public safety is a critical part of our work environment, safety, and health programs. We work with all stakeholders to improve our standards.

Quality Control

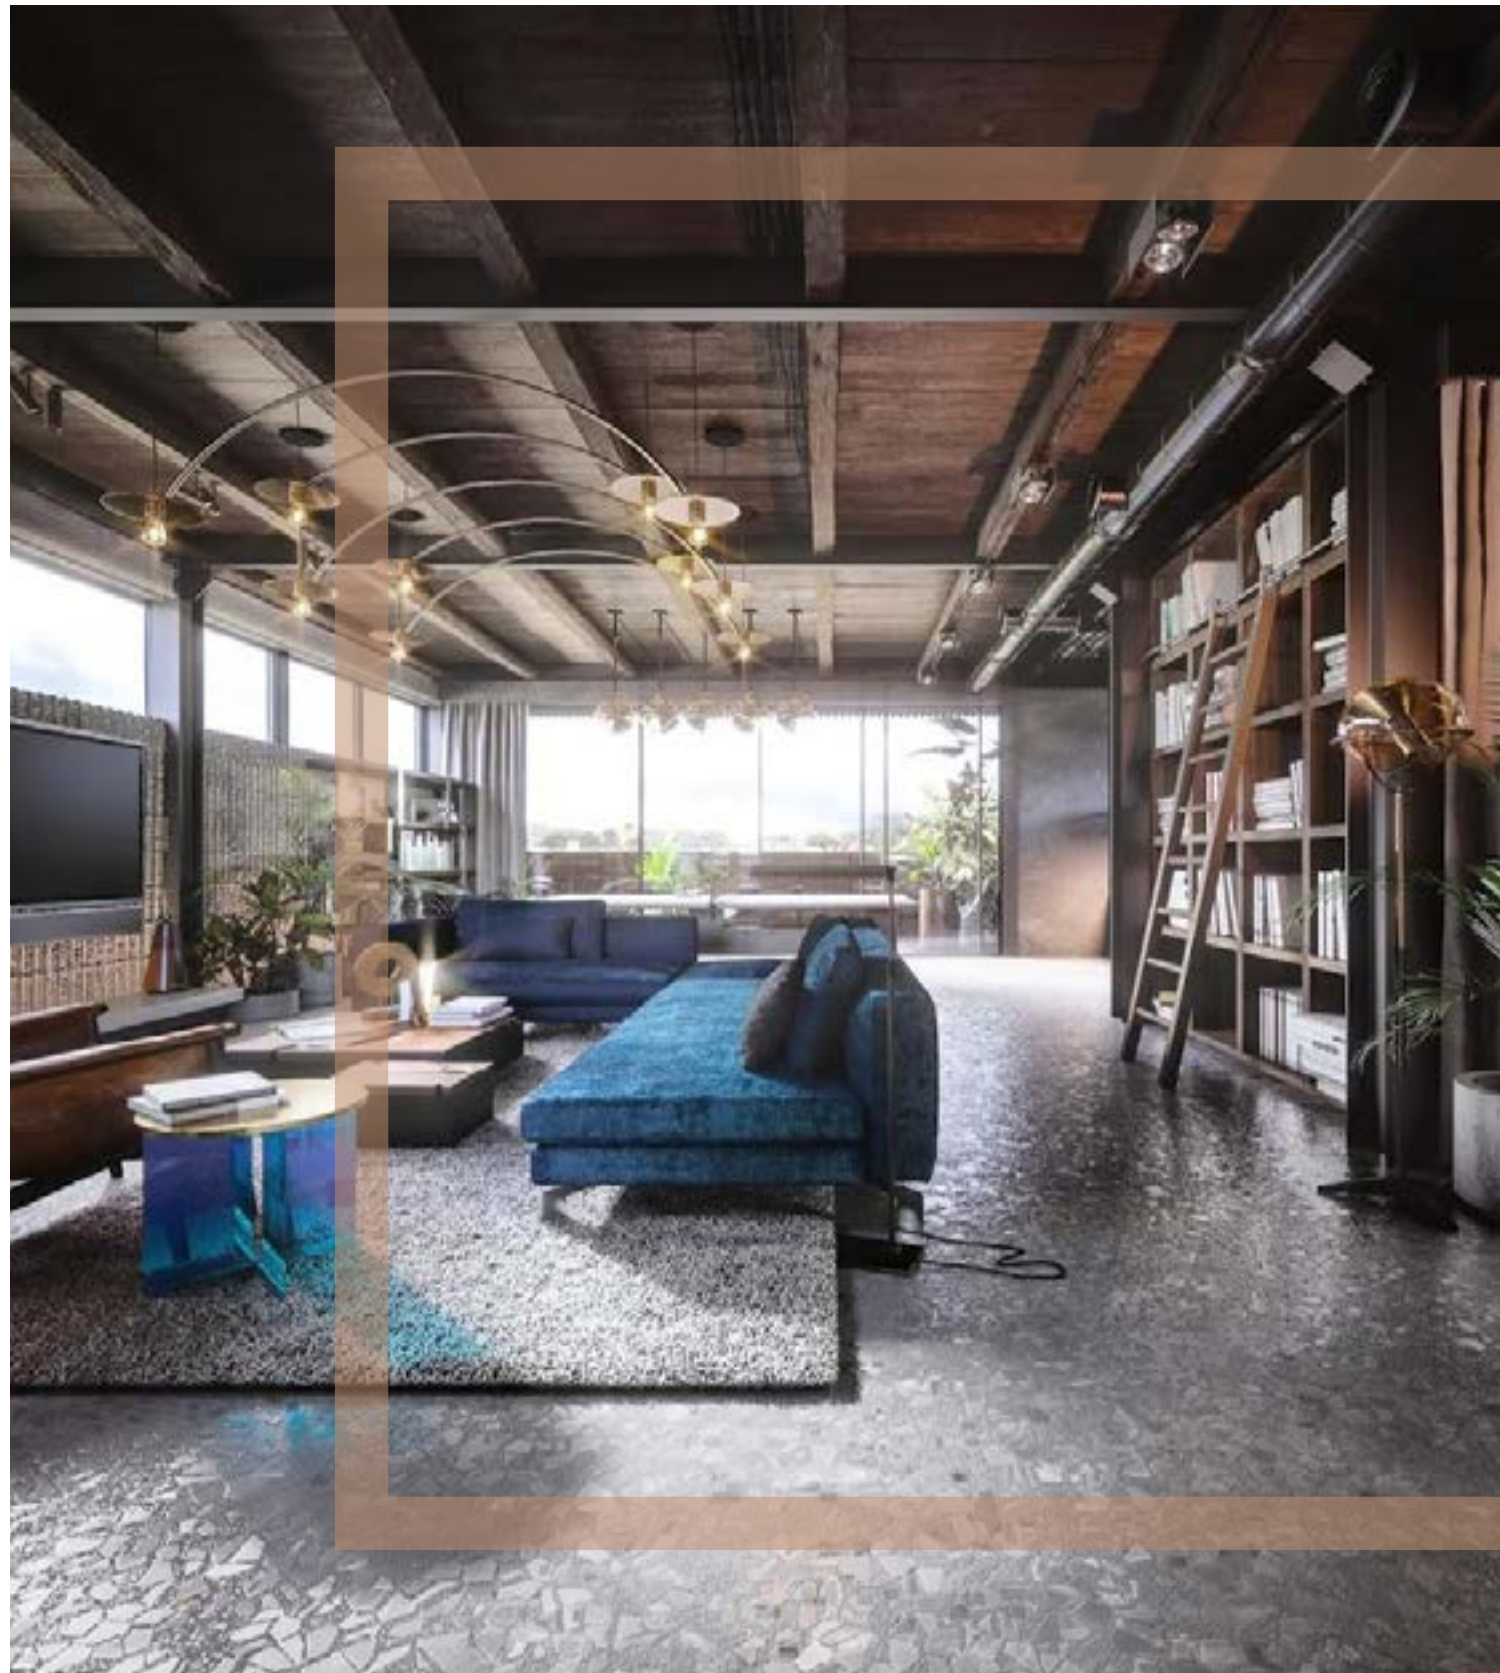

Quality is an integral part of ROOF's planning & execution processes.

ROOF is a certified ISO 9001 and enforces strict quality measures to ensure that all necessary steps are taken before and during the product creation process in order to deliver it on time, defect-free and in accordance to the specified requirements.

ROOF has established communication channels with subcontractors to develop and implement a Quality Control plan for concerned entities, identifying inspection methodologies and schedules for each trade, based on contractual requirements and/or International Standards.

ROOF allocates the needed resources to implement the QC Plans; monitor, inspect and approve ROOF's and subcontractor works.

ROOF's ensures that QC personnel are proactive in identifying potential deficiencies and recommending solutions; analyze operational trends, identify deficiencies, carry out root cause analyses and recommend corrective actions to avoid their recurrence.
